

Stage 17 for 2019

GPS: 36° 00.850 N & 115° 25.413 W

Stage distance: 7.8 miles

Follow vehicles line up as shown staying in the order that they left the end of Stage 16. Stage 16 runner can get out of the follow vehicle here. The running baton will be brought out of the follow vehicle and handed to the Stage 17 outgoing runner as directed by the “re-start” official represented by the **RED DOT**.

NOTE: This Google Earth view was taken during road construction and does not show the current four lane divided highway. **There is no stopping on the west bound side of Highway 160 to drop off runners; a time penalty for that violation will be substantial.**
